EXPERIENCE

Senior Web Support Assistant

Mar 2022 - Present

College of Engineering at Oregon State University, Corvallis, OR

- Developed WordPress websites for clients, applying my expertise in web development and design to deliver customized, user-friendly solutions.
- Built inclusive, accessible, and intuitive interfaces for College of Engineering websites.
- Improved user experience by using human-computer interaction concepts.
- Improved website search engine optimization performance.
- Lead and organize remote team and client meetings via Microsoft Teams and Zoom
- Directed comprehensive onboarding program, including hands-on training in Drupal, DevOps, SEO, and CSS, to equip new hires with essential skills.
- Trained 7+ new employees in utilizing Drupal, DevOps practices, SEO strategies, and CSS coding to enhance skills and departmental capabilities.
- Developed comprehensive onboarding documentation and crafted engaging video tutorials, resulting in a minimized learning curve and accelerated productivity for new hires.
- Migrated the company's website within a 4-month timeframe, ensuring seamless transition and minimal disruption to user experience.

Undergraduate Research Assistant

Dec 2021 - Mar 2022

College of Engineering at Oregon State University, Corvallis, OR

- Collaborated with cross-functional Human-Computer Interaction (HCI) and Explainable Artificial Intelligence (XAI) teams, focusing on integrating principles of User Experience (UX) in project development.
- Conducted User Experience Research to analyze qualitative and quantitative data, aiming to enhance the inclusivity and accessibility of interfaces.
- Research website: <https://gendermag.org/>

Web Developer

Feb 2018 - Jun 2018

Collaborative Robotics and Intelligent Systems (CoRIS) Institute, Corvallis, OR

- Developed and implemented a professional website for the Human Machine Teaming Lab, leveraging expertise in web development and design.
- Successfully migrated website data from WordPress to Drupal, demonstrating proficiency in multiple content management systems. Ensured seamless transition and integrity of all content during the migration process.
- Migrated all content from the old website to the new platform within a 4-month period, maintaining data integrity and consistency throughout the transition.
- Website: <https://research.engr.oregonstate.edu/html/>
