Technical Experience

Asst. Electrical Project Engineer at Fortis Facebook Data Center Project (4/1/2019 - 9/20/2019)

Worked with many teams on tasks such as short circuit coordination studies and substation energization, referred to NEC, read and checked electrical contract drawings. Performed daily Project Engineer responsibilities such as answering/submitting requests for information, reviewing construction submittal documents, and writing executive summaries.

Student Technician Manager at OSU Information Services (3/1/2018 - present)

Learns and teaches simultaneously, troubleshooting over the phone and in person with any Oregon State University community member in need of IT support. Tackling unique problems and solving them. Recently awarded leadership position assisting in the management of student worker schedules and assisting/training newer employees.

Technical Writing Intern at Summit Wireless (6/1/2018 - 9/1/2018)

Wrote for a wireless audio technology startup, learned to tailor information to the audience. Created C code API user guides, internal documentation, and customer-facing articles. Gained insight on agile workflows. Used Atlassian tools.

Work History

Hostess at Sky High Brewery (1/1/2018 - 6/12/2018)

Strengthened efficiency skills working in one of Corvallis' busiest brewpubs.

Waitress at Pangea Cafe (8/1/2016 - 4/31/2018)

Learned useful marketing tactics.

Farmstand Attendant at Hayhurst Valley Organics (3/1/2012 - 6/30/2015)

Heightened design skills by planning and executing product layouts.

Volunteering

Eta Kappa Nu (2019)

Invited to join HKN Pi, the IEEE honors society chapter at OSU. Inducted 10/2019. Honors society involvement includes a minimum of 10 hours of tutoring offered to new electrical engineering students every term.

OSU Rec Sports Equestrian Event Team Officer (2016-2018)

Learned to estimate conservatively by managing and re-balancing the team's budget. Elected by teammates to lead the group through new challenges.

South Eugene High School Debate Team Captain (2014-2015)

Filled a leadership role, helped instill strong morals in members, set an example to follow. Won Public Forum style at state and competed at nationals.

Achievements

Undergraduate Student Success Summit Speaker (3/5/2020)

Requested to speak at OSU's Undergraduate Student Success Summit on how the experience of being a student worker enriched my undergraduate experience. Participated in the panel discussion session called "" at this event.

Education

Oregon State University

School of Electrical and Computer Engineering, B.S. in Electrical and Computer Engineering (Power Focus Area) Minor in Computer Science, 243 total credit hours complete. (Graduation plan: Fall 2020)

South Eugene High School

High School and International Baccalaureate Diploma (Graduated 2015)
