Theta Kappa

Woodland High School
Woodland, WA
9/15-6/19
690-Writing 800-Math SAT

KEY SKILLS —

Marketing
Project Management
Budget Planning
Social Media
Planning

EXPERIENCE

11/10/18-1/12/19

Children's Education

On several weekends I volunteered at the Vancouver Water Center to assist in educating children about water systems in Vancouver, and how they can help save them.

1/10/19-1/11/19

Library Work

I volunteered at the Fort Vancouver Regional Library to help them sort books and prepare for a book fair that they were hosting.

6/23/18-9/15/18

Animal Care

For every Saturday and some Sundays I worked with my sister at a nearby horse barn feeding and taking care of the horses in the mornings.

COMMUNICATION

I understand people's needs and work to accommodate them. I speak genuinely with people and clearly articulate ideas. This is evidenced by my final speech in my communications class at Clark College being voted as the best by the class.

LEADERSHIP

As a leader I like to know the people that rely on me to best make the use of their skills and to best fill their needs. I prefer to let people work more independently and then help them to do it more productively.
