# KEVIN LE

(714) 856-2568 | kevin.phi.le@gmail.com | https://kevin-le.dev/ | https://github.com/gezeebeezee

## Education and Certifications

- **Bachelors in Computer Science,** Oregon State University – 3.97     **2022 – 2024**
- **Masters in Occupational Therapy,** Stanbridge University – 4.0     **2016 – 2018**
- **Bachelors in Liberal Studies,** California State University, Sacramento – 3.8     **2010 - 2012**
  **Minor in Mathematics**

## Technologies and Languages

- Languages:     Python, SQL, C, Ruby, JavaScript, HTML, CSS, Racket, Prolog
- Technologies:   VS Code, MySQL, Git, Docker
- Relevant Skills:  Data structures, Algorithms, Web development, Parallel programming, Databases, Computer architecture & Assembly language, Operating systems, Team Building/Leading

## Experience and Projects

- **Gaming Tournament Website** – Created a Flask website interacting with a mySQL database to manage gaming tournaments. Designed and implemented the front-end using HTML and CSS. Developed backend using Python/Flask to handle SQL queries. Managed tournament details in the SQL database.
- **Rentometer API Integration –** Utilized Rentometer API to fetch current rental prices for real estate investment purposes. Integrated API to collect and display rental data based on user input. Built a command line interface for data input with .csv output for visualization and readability. Implemented data handling and processing logic in Python.
- **PyGame Open Source Contribution –** Updated the help guide for PyGame's official documentation. Contributed to the open-source community by improving documentation. Ensured clarity and accuracy in the help guide for new users and developers. Made edits to pull request to fit PyGame moderator's needs.

## Work Experience

| Occupational Therapist | Schertz-Cibolo-Universal City ISD | Aug 2021 – May 2024 |
|---|---|---|
| | Irvine Unified School District | Oct 2018 – Jun 2021 |

- Utilized evidence-based approaches to track and analyze student progress, ensuring continuous improvement and effective solutions for a caseload of 65 students.
- Maintained detailed documentation and reports using different daily note platforms (i.e. Paradigm Health and Google Docs)
- Facilitated and customized therapy programs through thorough collaboration with target population and effective feedback gathering to provide the most holistic solutions for students.
- Managed multiple cases concurrently, showcasing effective organizational and time management skills.

## Extracurricular

| **RAD Camp** | **2007 - Present** |
|---|---|

- Led teams and coordinated activities at summer camp for campers with disabilities. Served on the RAD Camp Junior Board as Staff Training and Relations co-chairman (2017-2019).

| **President's Volunteer Service Award** | **2016** |
|---|---|

- Received Gold Award for completing 250+ hours of community service within one year.
